# DairyMate

your dairy herd reporting solution

SUM-iT AGRICULTURAL SOFTWARE

Sum-It's DairyMate provides a simple and effective solution to computerising dairy herd records. DairyMate is the first step in computerising your manual dairy records, and is ideal for the complete beginner.

Keep your herd records up-to-date and pull out reports to assist with the routine daily management of the herd including animal notifications to BCMS, fertility, mastitis and lameness recording and action lists and a NOAH medicine use report. It is simple in design making it easy to operate and quick to pick up. Easily accessible data is entered either manually or via QMMS. Initial set up can be done directly from BCMS or a range of external dairy interfaces. Full upgradeability to Total Dairy is available at any time.

- **Update all herd events** in a few minutes from the easy to use input screen at a time convenient for you
- View the status of your herd in terms of **fertility, movements and health**
- Produce **action lists** which instantly tell you who's due to calve, be served, dried off, is ready for PD etc.
- The **herd fertility chart** helps to ensure you don't miss getting any cows back into calf
- Automatically send **passport applications and stock movements** to BCMS

- Includes a statutory **Movements Book**
- Records and analyses all cases and treatments for **mastitis and lameness**
- Generates **NOAH medicine use** report to print out on demand for any regulatory bodies
- **Milk Production and Bulk Tank Analysis** Reports with Forecasting
- Access to friendly, experienced, knowledgeable **telephone support**
- Simple installation with your **herd data pre-loaded** for you

DairyMate
(Entry-Level Record Keeping)

£ 345

Price includes 3 months Support and is subject to VAT

The most important hallmark for all SUM-IT's programs, is that for all they provide, they are SIMPLE-TO-USE. They have all been written with the User in mind, gaining the maximum output from the minimum input and requiring no previous knowledge of computers to operate them. With any purchase receive three months of Gold Level support completely free, this includes support calls on a non-Premium landline and weekly online back-ups of your data.

Optional Modules & Equipment

Milk Recording Partnerships

Alongside links with NMR and CIS, Quality Milk Management Services (QMMS) provide a very cost-effective and consultative milk testing service.
QMMS combine milk testing results with herd's fertility and health to highlight client improvements to the overall health and performance of their dairy enterprise.

TotalVet

QMMS have designed a universal dairy data analysis tool, developed by SUM-IT, that enables vets, consultants and farmers to look at any herd's records in great depth, identifying trends and providing a benchmarking tool regardless of the source of original herd data.

Total Bovine App

Record any event as it happens with an Android Smartphone or Tablet. Sync data via Wi-Fi with DairyMate on the computer to either review the status of each animal whilst out and about or input new events, such as calvings and drug treatments, as you do them.

Upgrade to Total Integration

Fully integrated farm software that provides a range of modules to handle all aspects of farm records and administration.

Total Dairy - Comprehensive Herd Records

Total Accounts - Cashbook or Full Accounts

Total Payroll - Wages and reports to HMRC/NEST

Total Field - NVZs, Assurance & Costings

Total Beef - Movements, Health & Performance

Total Sheep - Flock Register, Health & Costings

Hardware Requirements

DairyMate operates on Windows 10 and Windows Server and will require 500MB of Hard Disk capacity plus an occasional internet connection to receive program updates and communicate with BCMS. Hardware should have a minimum of 4GB Ram.

To find out more about how SUM-IT's DairyMate program can help you, give our Sales team a call on **01844 213003**. They can arrange an on-line or on-farm demonstration and provide demonstration data for you to have a go yourself.

All prices exclude VAT.
