

SHEEP MANAGEMENT

Your Total Sheep Records Solution

Sum-It's Total Sheep Management programs are designed to handle all aspects of flock recording. Starter Total Sheep will record activities and movements on a simple flock basis whereas Standard Total Sheep provides individual ewe records.

Both levels help you to comply with statutory and assurance record-keeping requirements. Each program's unique ability to integrate seamlessly with the Total Accounts Module provides full upgradeability when required.

STARTER

Comprehensive **stock movements report** identifies total numbers on farm at any date

Imports lists of **EID Tags from Stick Reader** to generate Movement Document

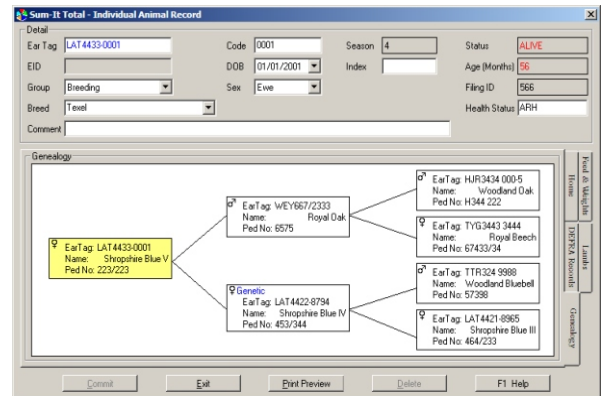

Maintains a **full medical book** to **Assurance Scheme Standards**

Full **Lamb Sale records** help you analyse final performance figures

Flock **Gross Margins** available through financial summaries

Complete **Drug and Feed register** records purchase details

Run **multiple holdings** on just one program

STANDARD

Includes **All Starter** features plus further **management** information and analysis

Detailed **individual ewe record** with current and past season details instantly available

Full **Genealogy** enables recording of **complete pedigree history**

Management and decision making supported by accurate **fertility** and **ewe performance** reports

Follow bloodlines through Animal Relations

Health problems appear on one screen, **for life**

Access your ewe records on a **Smartphone** or **Tablet** when outside, to both review data and add new events

SUM-IT

The most important hallmark for all SUM-IT's Total programs is that for all they provide, they are SIMPLE-TO-USE. They have all been written with the User in mind, gaining the maximum of output from the minimum of input and requiring no previous knowledge of computers to operate them.
